SEVENTH YEAR.

MAYSVILLE, KY., MONDAY, JUNE 13, 1898.

ONE CENT.

LARGEST IN THE CITY.

Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising "notices" free any more than a merchant can toss over his counter free gifts of dry goods or shoes. A newspaper is a legitimate business concern. Its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

## We Have!

Always contented for and maintain it is a fact that there is a higher order of intelligence evolved in the business of general merchandise by the people in this and nearby counties than most anywhere else. You will find few persons who do their shopping in Mayville who believe that \$4.95 will buy a \$12 suit of clothes. Our many years experience goes to show that people want good goods and for which they are willing to pay a fair price. Our 1898 spring business proves that the higher the class of goods the reader they sell. Our beautiful Black and Blue Serge Suits (we sell them at \$15) have bounded into wonderful great favor with our good growers. We have a beautiful line of fur. The weather is getting right for our

## Special Shirtwaist Sale

To create an unusual June activity in our Shirtwaist Department we have reduced all of our \$1.25 Percale, Gingham and Madras Waists to 50c. We have sold at least 70 of these waists this season, and have only assurance of entire satisfaction from the many purchasers as to quality and fit. Remember the new price 50c. Our stock of White Flannel and Lawn Waists is particularly large and select. They are made with the dupont of embroidery or machine and at surprisingly low prices—\$1 to \$2.

## FIFTY PIECES PIQUE

Were half a lot we bought recently at a closing-out price. They were made in well known, a yard. Our price is the closing out one, blue, a yard. Also a great stock of White Pique of regular 60c. value; the price here is 50c. a yard.

## MANY MILES OF RIBBONS.

We have kept the manufacturers busy supplying us with Ribbons this season. Tie all the various patterns we've sold together and they would stand many miles; and yet today our stock is large and complete. Our special leaders are a Meter Ribbon in all colors, with 20c. at 30c. and a double-faced satin Ribbon, each width, sold by others at 75c., our price 50c.

Officer Wallace Raided a Wall Street Poker Joint Last Night.

About 9:30 o'clock last night Officer Wallace, in company with his little self and cane, stepped into the old brick building on Wall street that used to be occupied by a junk shop and walked up to a table, around which were seated Henry "Christmas" Smith, Charles Brantler, Alfred Hubbard, William Johnson, Spence Hinton, James Bradford, Doc Small and John G. Carlisle, engaged in the fascinating "pastime" game of poker, and after watching them several moments got into the game himself by arresting the whole party.

Mr. Holt Richeson Suffered a Stroke Last Night—Still Unconscious.

Many friends will regret to learn of the serious condition of Mr. Holt Richeson, who last night suffered a stroke of paralysis. He retired last evening, feeling but slightly indisposed, and as he has not been in the best of health for some time, nothing serious was thought of.

About midnight the stroke came, leaving him in an unconscious condition, from which he has not rallied.

It is hoped by all that with the best medical attention and careful nursing Mr. Richeson will soon recover and be restored to good health.

### HOME SADDENED.

One of Mayville's Christian Women Last Evening Passed to the Great Beyond.

The community will be shocked and pained to learn of the death of Mrs. Mary Deewes Poyntz, which occurred last evening at 8:30 at her home on East Third street.

Mrs. Poyntz about two years since had a severe attack of grip, which left her greatly weakened in health. For some time, though, she was much improved, and it was hoped she would gradually regain her strength. Yesterday she was feeling unusually well, in the afternoon answering some correspondence.

About 6 o'clock she was taken ill, and for about an hour suffered intensely, but later rested more comfortably until the last summons came.

In her death Mayville loses a consistent Christian woman, and her demise will be sincerely mourned.

Deceased was born at Washington, this county, March 21, 1822, her entire life being spent in this vicinity. Her husband, the late Samuel B. Poyntz, died in 1890.

Four sons survive—Nat. of Orlando, Fla.; O. T. of Cincinnati, and Messrs. Charles B. and Ben B. of this city.

The funeral will take place tomorrow afternoon at 2 o'clock from the residence, the Rev. Howard T. Croe, Pastor of the Christian Church, conducting the services.

Burial at the Mayville Cemetery.

Evidently This Democratic Politician Hasn't Heard From Mason County.

Saturday's Equizer contained the following, and whoever the "well known politician" is THE LEDGER begs him to sew up that hole in his headgear until he hears from the neck of the woods.

"A well known Democratic politician of the Ninth Kentucky District was at the Palace yesterday, and upon being asked about the political life of the land for the Democratic Congressional nomination in that District, said: 'The Convention has been called to meet at Cynthiana August 10th. Mr. Mordca Williams of Boyd county and Mr. Hager of the same county are in the field with a number of others, but the sentiment in the District among the Democrats seems to be that Mr. Hanson Kennedy of Carlisle, Nicholas county, has more elements of strength than any other man, and while he is not out actively for the nomination it appears to me that owing to the general demand for him, he will be induced to become a candidate, and in that event he looks like a winner.'"

**DISTRICT COMMITTEE MEETING.**

There will be a meeting of the Ninth District Committee at the Central Hotel, Mayville, Ky., at 11 o'clock a.m. Wednesday, June 18th, for the purpose of selecting the time and place for holding a caucus to nominate a Republican candidate for Congress in this district. James S. Haver, Chairman of Ninth District.

CONGRESS could not take a wiser action than to authorize before its adjournment the building of at least six powerful armored cruisers, says The Commercial Tribune.

Commercial Tribune. They should be of identical construction, of about 9,000 tons of displacement, with a sustained speed of 20 knots, having a capacity for 1,500 tons of coal, protected by 12 inches of armor and carrying four 12-inch guns in turrets. The Navy has pressing need of such a fleet, and its authorization at this time would see it in the water and ready for service at least eight or ten months before it could be snubbed if the matter goes over to the next Congress.

Ever since the certainty of war with Spain was seen The Commercial Tribune has, in its columns, urged the necessity for adding a group of powerful armored cruisers to the Navy. Had we possessed such a fleet, the Spanish squadron under Cervera would never have come to this side of the Atlantic, both Cuba and Puerto Rico would have been in our hands before this time, and the war would have been over.

The necessity of adding to the Navy a fleet of powerful armored cruisers, capable of overtaking every type of seagoing war vessels, and destroying every class of war vessels except first-class battleships, is now generally recognized. Secretary Long of the Navy has, during the past few days, admitted that our lack of such ships constitutes a serious weakness that should be remedied at once, and the only way to remedy it is by appropriate action of Congress. Besides, the Nations of Europe are placing such large orders for battleships with our shipbuilders that in a little while they may have as much work in progress as their plants will permit them to carry on, in which case it will be impossible to construct a fleet of armored cruisers, even if authorized, without long and unfortunate delay.

The armored cruiser, of which type the vessels of Cervera's fleet, the Italian Garibaldi, the Russian Rurik, the English Powerful and the Chilean O'Higgins are notable examples, is, in competent hands, at once a scout, a commerce destroyer, an ideal blockading vessel and a redoubtable fighter. Of this type of ship England already has 18, Russia 14, France 12, Italy 8 and Germany 7. We have but two, the New York and Brooklyn, and neither of

was received Monday, Tuesday and Wednesday, May 9th, 10th and 11th, 1898, by JOHN I. WINTER, THE PRICE FIGHTER. There was 30,000,000 (thirty million) feet in the shipment, and every foot of it is the justly famous Deering Pure Sial. Every one wants, demands and will, have no other twine after once using Deering Pure Sial. None of us are too old to learn. If your neighbors are using a better article than you are, surely you wish to know it. The demand for Deering Pure Sial Twine has become so great that we were compelled to this year buy 30,000,000 feet to accommodate the wants of our customers. Now, listen: Every inch of this Twine is tested at a much higher tension than any binder requires in tying, while in other makes of twine only 100 feet out of every 50,000 feet is tested. Deering Pure Sial Twine is made of extra long (first) strands of Pure Sial Fiber, which permits of very fine spinning, thus producing more bundles to the pound than any other twine in the world. To make a long story short, I offer the following: Take out a lot of Deering Pure Sial Binder Twine, try it, and if you don't find that it will bind an acre of wheat with less pounds than any other twine made, if you don't find that it will please you, then it is not the best twine that you ever used, you will years experience. They made the first Twine Binder, have spent a lifetime in improving it and today offer you the result of their labors at the same price that other companies wish to charge you for experiments. Don't buy a cheap experiment, but buy a perfected Deering Binder, Mower or Hay Rake. They have made all your neighbors happy, at nearly 1,000 testimonials that we hold of residents of Mason, Bracken and Robertson districts state. We will be pleased to show you these testimonials. Come and see Deering's wonderful line of prize winning machines.
